SHOPPING TIPS CHECKLIST

Compare benefits, services and costs. Understand what you are buying.

Prior to Buying

- Find out what personal or local resources can help you cover future long-term care expenses.
- Before you retire, ask your employer if a long-term care insurance policy is offered.
- Buying a policy at a younger age may save you money over time.

When Comparing

- Take your time.** Don't be pressured into buying a policy.
- Advertising:** Don't be misled by professional actors on TV or official looking documents in the mail.
- Quotes:** Contact several companies and agents for quotes before buying a policy. Be sure the policy offers the benefits and features you want, for example:
 - What **types of care** are covered and in what **setting**?
 - What are the **benefit eligibility requirements**?
 - What is the **daily amount** the policy pays for **each benefit**, and for **how long**?
 - How long is the **elimination period**?
 - Does the policy have a **waiting period** for pre-existing conditions?
 - What types of **inflation protection** does the policy offer? Is it **tax-qualified**?
 - Can you **upgrade the policy later** to purchase more benefits?
- Use correct and complete information on your application.** Fill in all medical information. If not, the company could refuse to pay your claims or even cancel your policy.
- Avoid buying multiple policies.** It is not necessary to purchase several policies to get enough coverage. One policy is usually sufficient.

For Your Protection

- Check the financial health and reliability of an insurance company by **reviewing their ratings online**. A few companies that provide ratings are:
 - A.M. Best Company
 - Fitch IBCA, Duff & Phelps, Inc.
 - Moody's Investor Services, Inc.
 - Standard & Poor's Insurance Rating Service
 - Weiss Ratings, Inc.
- Use your **free-look period**. Read the policy again. You have at least 30 days to look over your policy after your purchase.
- Make sure that agents or companies have the **proper licenses** by contacting the **Florida Department of Financial Services Consumer Helpline at 1-877-693-5236**.
- Never pay with cash.** Pay by check, credit card, or electronic bank draft payable to the insurance company, not to an individual.
